

## What is SiforAGE?

SiforAGE (Social Innovation for Ageing population) is an EU-funded pan-European research - and development project aiming to identify and develop innovative multidisciplinary solutions for elderly care.

These solutions can be anything from technical aids for new ways to organize help for self-help.

There is special focus on technologies and processes that enable ageing in their own homes, for example; exercise, healthy diet and social activities.

Partners in SiforAGE project ranging from consultancy businesses, community groups, Gerontology researchers, groups of nursing homes, charities and municipal decision-makers from all over Europe.

InvestorNet-Gate2growth is the Danish partner

**The EU funded project Social Innovation for the Ageing population (SiforAGE) offers assistance to SMEs with the aim of:**

... enhance business understanding and decision-making behind the purchase and implementation of welfare technology in a number of EU countries

... help your company has a robust value proposition to public and private customers in the EU

... establish contacts with relevant partners, customers and authorities outside DK.

... help test solutions in several EU market .

## What is in it for you?

We are right now looking for companies with products and services showcasing Welfare & Technology solutions for Users, Buyers and Decision-makers in Turin, Italy Q1 , Copenhagen, Denmark Q2 2014, and Saarbrucken, Germany Q2 2014.

Can your products or services make life easier for millions of European elderly?

Do you need to be introduced to other countries' procurement and eldercare systems?

Contact us!

See the next page for more information.
